Invest here. Visit here. Live here.

December 2022

Welcome to the Harvest Sky Region!

Endless possibilities await investors, residents, and visitors.

Happy Holidays and a prosperous New Year from the Harvest Sky Region

As we move from 2022 into 2023, we want to thank you for helping support our efforts to make the Harvest Sky Region the destination of choice for new investment, residents and tourists!

We're working hard to bring economic development to our region in many forms but it takes everyone pulling in the same direction to make our communities successful. It's also helpful when we can share stories of the amazing people that live here.

Our most popular posts and widely shared marketing is when we can showcase our great communities and the residents that live here.

Showing our attractions and people enjoying themselves helps others discover what a great place we live in.

So, if you've got a story, a fun time, an attraction or just a smile you'd like to share, we'd love to hear from you! Please feel free to share your stories with us on our social media platforms or email them to us: mark.nikota@harvestsky.ca

Project Updates

Agricultural Centre

They've hired an architect to formalize building & site plans and get the project to a conceptual design phase. This will happen over the next few months and will include community engagement. Keep up to date by following the Ag Centre Project on Facebook: search **Harvest Sky Region Ag Centre Project** or on the harvestsky.ca website.

Investment Attraction

We are receiving interest from a number of companies that have seen the promotional pieces we've put out about the Sheerness Industrial Park. Companies focused on a variety of industries including energy production (hydrogen for example) and agricultural production (greenhouses). The exciting part is that companies are starting to reach out to us about the park, in addition to our efforts to reach out to them. This means word is getting out about the opportunities that exist in the Harvest Sky region. We will continue to make the case that we have the best place to do business in the province. For more information on the park, go to the Special Areas website: <https://specialareas.ab.ca/invest/sheerness-industrial/>

Tourism

Harvest Sky is partnering with Special Areas on a tourism project to attract people onto the Dinosaur Trail, including a stop at Carolside to see a new Dinosaur display. Stay tuned for more on that project.

We are also involved in renewing the Badlands Regional Tourism Zone with Travel Alberta and are working with Travel Drumheller to extend stops out from Drumheller and into our communities. If you're a tourism business, make sure you pass along any ideas you have that can help us capture visitors as they drive by.
